4.5 AGENCY RATING

CarePortal's value to DHS far exceeds its cost. Not only has it brought significant concrete physical supports to the families and foster families we serve, but much more than that has been the relational impact on families and on our staff. Hope is such a powerful thing, and through the linkages between state and faith community, made easy by CarePortal, hope is rising in the state of Oklahoma.

DEB SHROPSHIRE, MD Child Welfare Director for the state of Oklahoma
